INTRODUCING THE ALL NEW **RIP-LOCK CABLEWRAP**

**THE PATENTED RIP-LOCK
MAKES ATTACHING A
RIP-TIE CABLEWRAP TO
A CABLE EASY.**

**ATTACHES IN SECONDS.
LASTS A LIFETIME.**

FOR THIRTY YEARS RIP-TIE has been taking the frustration out of cable management with innovative products that wrap, wrangle and control cables. Rip-Tie creates high-quality, simple designs that became the broadcasting industry's standard.

Now, Rip-Tie introduces the Rip-Lock to the CableWrap. After three years in development, the revolutionary design we created makes attaching the cable so simple anyone can attach a CableWrap in seconds. No tool or technician required. As CEO, Michael Fennell states, "We make frustration-free devices."

WHY YOU NEED A CABLEWRAP THAT ATTACHES TO A CABLE

1. The CableWrap helps you identify a cable as yours, so you don't lose the cable.
2. The CableWrap keeps your cables neat and tidy.
3. You won't lose the CableWrap once you attach it. It's always there on the cable.

RIP-TIE'S SIGNATURE PULL TAB

Attaching permanently to the cable is only half the story. Rip-Tie's signature pull tab is designed for a one handed quick release. This design enables you to tie up and release all your cables pronto! The Cable Wrap is manufactured with the highest quality materials and tested up to 10,000 releases. It is proudly made in San Leandro, California. Available in a variety of sizes and colors for all of your cable organization needs.

PERMANENT... UNTIL YOU CHOOSE TO REMOVE IT

If you ever want to remove a Rip-Lock cablewrap we provide you with a Rip-Lock Key. The key allows quick, easy detachment of the cablewrap. A Rip-Lock Key is enclosed in every package.

RIP-LOCK CABLEWRAP

ATTACHES IN SECONDS.
LASTS A LIFETIME.

**YOU WILL
NEVER
LOSE THIS
CABLEWRAP**

The RIP-LOCK permanently attaches the CableWrap to the cable.

STEP ONE

Insert label end of CableWrap around cable and through slot in the Rip-Lock.

STEP TWO

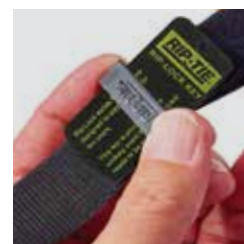

Slide the Rip-Lock tightly against cable. It's now locked permanently in place.

STEP THREE

Secure the CableWrap tightly around the cable bundle.

THE RIP-LOCK KEY

EASY REMOVAL

Easily move the CableWrap from one cable to another with the Rip-Lock Key.

APRIL 2016 PRESS RELEASE
