

The Gold Mount Battery System is an advanced design of the popular Anton/Bauer Snap-On Mounting System currently being used by virtually every professional video camera manufacturer in the world.

FEATURES

1. Cam action latch for improved ease of battery loading and removal. Red label below latch indicates battery is not fully latched, eliminating inadvertent battery unloading.
2. PowerTap Connector. A built-in fused 10 amp connector for powering Ultralight portable camera light and accessories. NOTE: Requires PowerTap connector. The PowerTap connector is included on all Ultralight 2 light assemblies and cable assemblies for the older Ultralight SINGLE or DUAL.
3. Mounting Pattern. The Snap-On Gold Mount bracket is fully compatible with all existing cameras and batteries using the Anton/Bauer mounting system. NOTE: When custom mounting the Gold Mount bracket system it is necessary to support the shaded areas (see Fig. A) against a flat surface. A backplate is provided with each Gold Mount bracket for this purpose.
4. PowerTap Fuse Holder. The fuse holder for the PowerTap connector. The fuse holder located in the bracket is press fit. To remove the fuse holder, grasp the main fuse holder body and pull up.

To replace the fuse:

- A. Remove the fuse from the fuse holder by pushing the assembly through the square access opening in the main body.
- B. Pull the press fit fuse caps from both ends of the spent fuse and replace with a new fuse. (Note: The replacement fuse must be a 10 amp 250 volt 5 x 20mm fuse).
Manufacturer's part numbers: Anton/Bauer (3713-1010), Schurter (001.2514), or Little Fuse (218-010)
- C. Replace both fuse caps onto the new fuse and press the fuse assembly back into the main body.

- D. Press the fuse holder back into its original location within the bracket.
5. Banana Pins. The Gold Mount Banana Pins are gold plated with eight contact points for ultra-low resistance and optimum dependability. Both pins are externally removable with a 4mm hex nut driver for ease of serviceability. NOTE: When reinstalling pins, caution should be taken not to over tighten the pin assembly.

Replacement Banana pins are available only through the Anton/Bauer Customer Support Group. The Anton/Bauer part number is 3320-0105.

SERVICE

If you have any questions regarding this Anton/Bauer product, please call our Customer Support Group at 1-800-541-1667. If repair or appraisal is necessary, ship your product prepaid, together with proof of purchase, to Anton/Bauer Inc., 14 Progress Drive, Shelton, CT 06484

WARRANTY

All new Anton/Bauer Snap-On Gold Mount brackets have been thoroughly tested and inspected prior to shipment. This product carries a "2 Year Warranty" against defects in materials and workmanship. If this product fails to perform to its specifications, it will be repaired or replaced at Anton/Bauer's option.

This Warranty does not cover damage resulting from accident, misuse, neglect or improper service or maintenance. Use of unauthorized service, replacement parts or attachments will void this Warranty. Misuse includes any use of this product in other than its intended applications.

No responsibility is assumed for any special, incidental or consequential damages. No other Warranty written, oral or implied is assumed or authorized by Anton/Bauer. The liability of Anton/Bauer is expressly limited to a claim for a repair or replacement for the goods sold or as otherwise stated herein.

This Warranty is to be construed and enforced in accordance with the law of the State of Connecticut, including the provisions of the Uniform Commercial Code as adopted and, from time to time, amended in the State of Connecticut and not the Convention for the International Sale of Goods.

This choice of Connecticut law is exclusive of any Connecticut law that would require reliance on any law foreign to Connecticut.

Should any action at law or in equity be brought by any person under this Warranty, such action shall be brought only in the United States District Court for the District of Connecticut, or in any Superior Court in Fairfield County, Connecticut, U.S.A.
